

Wildlife Management 5-Year Plan Requirements

A wildlife management 5-year plan for Medina County Appraisal District (MCAD) must include:

1. Landowner's name and Property ID(s) as they appear on MCAD records
 2. Landowner's signature, date signed, and contact phone number
 3. Map identifying key locations of activities being practiced (or to be implemented)
 4. Landowner's goals and objectives for the property
 - What is already done – what do you plan to do next – 5-year goals to accomplish
 - Specific management activities to be implemented
 - practices to benefit native wildlife and their habitats
 - Specific native wildlife species targeted for management
 - Wildlife currently there and what you want to accomplish
 5. Documentation of work already accomplished
 - Records on courses attended pertaining to wildlife management (if applicable)
 - Copies of photos documenting results of activities practiced. **Original photos are not accepted.** Photocopied photos should be:
 - Labeled (indicate which activity is being practiced)
 - Date-stamped (at the time photo was taken)
 - A visual timeline of activities practiced throughout the year
-
- More than one photo can be copied on a page
 - A maximum of 5 copies of photos documenting each activity are needed
 - A maximum of 5 copies of game camera photos are accepted

PLEASE NOTE:

- ❖ A 1-d-1 Open-Space Application must be filed with a 5-year plan.
- ❖ Do not put plans in a binder. The plans are removed from the binder for scanning and the binder is thrown away.
- ❖ USB thumb drives **CANNOT** be accepted.
- ❖ MCAD cannot accept plans via e-mail.
- ❖ **MCAD can no longer make a copy of your plan. Please make a copy of the plan for your records prior to submitting it to our office.**
